

Fairfield College

22 March 2020

Kia ora e te whaanau

I want to update you about some of the steps that I discussed in my communication yesterday as well as inform you about a strategy that we are considering implementing to deal with possible staffing challenges.

1. I can confirm that Fairfield College students this week will not be participating in learning activities based at Wintec. Wintec will be using this week to strengthen their distance learning capacity.
2. Please use the phone, School App, or e-mail to communicate with students and staff rather than physical visits to the school. If you need to come to the school please come to the reception area and not the Student Services Centre. The school gate will be closed during the day and opened only on request.
3. Next week we may look at rostering year levels to be on distance learning on certain days so that we are able to manage any staffing difficulties that we experience.

Tomorrow I will distribute a distance learning document which will outline how work can be accessed for the distance learning trial on Wednesday March 25.

Naaku noa, naa
