

Fairfield College

18 February 2022

Kia ora e te whaanau,

This morning we received confirmation that a Fairfield College student has tested positive for Covid-19. The student last attended school on Monday February 14 and our contact tracing shows that there are no close contacts related to this case. This means that there are no students or staff that are required to isolate and therefore school can continue to operate on-site learning for all other students.

Please ensure that students are not sent to school if they are unwell. If a student does come to school and they are unwell we will isolate them and request that they be collected from school. It is important that we take all steps to safely manage this situation. If your child is showing covid - 19 symptoms, please organise for them to be tested and inform the school of the situation so that we can provide distance learning until they return to school.

Kia haumaru - Be safe.
Naaku noa, naa

Richard Crawford
